

FROM THE DESK OF NAA PRESIDENT

Greetings NAASU Bears,

As many of you know the Coronavirus (COVID 19) is of great concern. I hope each of you are doing what you can to stay safe and healthy. Many of you have events planned within your local chapter. However, it is very important that we cancel all face to face events with consideration of the Coronavirus. This precaution is according to the CDC Guidelines and many states governmental officials. All Shaw University events have been cancelled or rescheduled until further notice.

The situation is evolving daily. We must put the health of our Alumni, friends, and supporters first. It is for the best that we follow the guidelines. **All local chapter meetings and or events must be conducted via conference calls.**

I appreciate the understanding, patience, and cooperation of all concerned; know that we will provide information to you as it changes.

Respectfully,

Dr. Calvin R. Wall
